LEGAL NOTICE: PLEASE READ THESE TERMS BEFORE INSTALLING OR OTHERWISE USING THE LICENSED MATERIALS. ALL USE OF THESE LICENSED MATERIALS ARE SUBJECT TO THE LICENSE TERMS SET FORTH BELOW. "LICENSED MATERIALS" INCLUDES THE SOFTWARE, ANY WHOLE OR PARTIAL COPIES, AND ANY ACCOMPANYING INSTRUCTIONS, DOCUMENTATION, TECHNICAL DATA, IMAGES, RECORDINGS, HARDWARE AND SOFTWARE KEYS, AND OTHER RELATED MATERIALS.

USING THE LICENSED MATERIALS INDICATES YOUR ACCEPTANCE OF THE LICENSE TERMS. IF YOU DO NOT AGREE TO ALL OF THESE TERMS, YOU MAY RETURN ANY UNINSTALLED LICENSED MATERIALS FOR A FULL REFUND. IF THE LICENSED MATERIALS ARE BUNDLED OR PRE-LOADED WITH ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE UNUSED PRODUCT FOR A FULL REFUND. "YOU" AND "YOUR" MEANS THE COMPANY TO WHOM SONNET SOFTWARE, INC., OR ITS SUBSIDIARIES, HAS GRANTED A LICENSE TO THE LICENSED MATERIALS.

SONNET SOFTWARE LICENSE TERMS AND LIMITED WARRANTY

These License Terms govern your use of the Licensed Materials. If you have a separate written agreement with Sonnet Software, Inc., or any of its subsidiaries, these License Terms are in addition to the terms provided by your separate written agreement. If there is a conflict between your separate written agreement and these License Terms, then these License Terms will take precedence.

License Grant: Subject to the License Restrictions below, Sonnet Software, Inc. ("Sonnet") grants you a non-exclusive license to use one copy of the Licensed Materials. With respect to the software portion of the Licensed Materials, "use" means to install, store, display, execute and use the software, for the purpose of your design and manufacture of electronic circuits and systems, on the computer or device, or on the class or series of equipment, for which you have paid the corresponding license fee. With respect to the portion of the Licensed Materials that describes the software and provides instructions concerning its operation and related matters, "use" includes the right to download and print such materials solely for the purpose described above. If the Licensed Materials are licensed for Node-Locked use (Node-Locked License), then you may access and use the software only on one computer, and may not display the software, or any results from use of the software, on a separate computer. "Node-Locked" means that the software is licensed for use solely with a specific computer. If the Licensed Materials are licensed for Network use (Floating License), you may not allow more than the maximum number of authorized users to access and use the software concurrently. A "Network" means any combination of terminals, peripherals or other devices electronically linked and capable of accessing the Licensed Materials. Certain Licensed Materials are job controlled which limits the number of concurrent uses of such Licensed Materials by a user as specified in applicable product documentation.

License Restrictions: Notwithstanding anything to the contrary, you may not use the Licensed Materials to make or distribute your own or a third party's application, a principal purpose of which, as reasonably determined by Sonnet, is to perform the same or similar functions as Licensed Materials or which replaces any component of the Licensed Materials. You may not otherwise use the Licensed Materials to compete with Sonnet's products or businesses. Except as expressly provided below, you may not permit any third party, or anyone other than your employees whose duties require such access or use, to have access to, view the operations of, or otherwise use the Licensed Materials, or any information learned or observed during the use of the Licensed Materials. Your authorized consultants and subcontractors may use the Licensed Materials pursuant to these License Terms solely where such use is incidental to their performing services consistent with the License Terms on your behalf, provided that you first require such consultants and subcontractors to agree in writing to observe the same restrictions provided in these License Terms. You may not use the Licensed Materials on any Network that permits remote access to the Licensed Materials outside of the Network site designated or expressly agreed to in writing by Sonnet. If Sonnet has not designated a Network site, then you may use the Licensed Materials within the one-mile radius from the Network host server. You may make copies or adaptations of the Licensed Materials only for archival purposes or only when copying or adaptation is an essential step in the authorized use of the Licensed Materials. You must reproduce all copyright notices in the original Licensed Materials on all permitted copies or adaptations. Except as provided herein, you may not copy, modify or translate the Licensed Materials or disable

any of its features. You may not copy the Licensed Materials onto any public or distributed network or service bureau. In addition, you may not lease, rent or sublicense the Licensed Materials without Sonnet's prior written consent.

Upgrades: Unless you have purchased a limited-term license, this license does not entitle you to receive upgrades, updates or technical support. Such services may be purchased separately. In the event you have purchased a limited-term license you are entitled to such services. If the Licensed Materials include an upgrade to previously licensed material, your license in that material automatically terminates and you must destroy the previous content and any copies or adaptations. Software upgrades and updates are provided if and when available.

Audits: Upon reasonable notice, Sonnet or its agents may, at Sonnet's expense, inspect your facilities (including computers) and records to verify your proper use and payment for all Licensed Materials. You will keep records regarding your use in sufficient detail to permit this verification. If your payment is determined by usage of the Licensed Materials, you also will provide Sonnet with dial-in and on-site access to your Network and on-site access to your records, all as is reasonably necessary to conduct a proper audit. If, after an audit, it is determined that you have underpaid any amounts due, Sonnet will invoice you for and you agree to pay the amount of the underpayment, plus interest, from the date payment was due. If the underpayment is more than 5% of the amount properly due, you also will pay Sonnet's audit expenses, and Sonnet may, in its discretion, terminate your license.

Ownership: The Licensed Materials are owned and copyrighted by Sonnet or its third party suppliers. Your license confers no title to, or ownership in, the Licensed Materials and is not a sale of any rights in the Licensed Materials. Sonnet's third party suppliers may protect their rights in the event of any violation of these License Terms. Any comments, suggestions, improvements or other communications from you to Sonnet regarding the Licensed Materials (Feedback) will become the sole property of Sonnet. Sonnet may use the Feedback and practice the intellectual property relating thereto without compensation or attribution.

No Disassembly: You may not disassemble, decompile or decrypt the Licensed Materials unless you obtain Sonnet's prior written consent. In some jurisdictions, Sonnet's consent may not be required for limited disassembly, decompilation or decryption. Upon request, you will provide Sonnet with reasonably detailed information regarding any such permitted disassembly, decompilation or decryption.

High Risk Activities: The Licensed Materials are not specifically designed, manufactured or intended for use in the planning, construction, maintenance or direct operation of a nuclear facility, nor for use in on-line control or fail safe operation of aircraft navigation, control or communication systems, weapon systems or direct life support systems.

Transfer: Your license to the Licensed Materials is transferable upon Sonnet's receipt of the name, address and location of transferee and payment of any applicable fees to the extent permissible under local laws, unless you have purchased a limited-term license, in which case your license to the Licensed Materials is not transferable without Sonnet's prior written consent, and which Sonnet may or may not provide at its sole discretion. If your license is transferable, you will immediately upon transfer deliver all copies of the Licensed Materials to the transferee. The transferee must agree in writing to the terms of your license. All license terms will be binding on involuntary transferees, notice of which is hereby given. Your license will automatically terminate upon transfer.

Obsolescence: Sonnet may, in its sole discretion, discontinue the sale and support of Licensed Materials. In such event, Sonnet will use reasonable efforts to notify you of the planned obsolescence, and if applicable provide perpetual access codes to enable your continued use of the Licensed Materials. Thereafter, no further access codes or support will be available.

Termination: Sonnet may terminate your license upon notice for failure to comply with any of these License Terms. Upon termination, you must immediately destroy the Licensed Materials, together with all copies, adaptations and merged portions in any form. If you have purchased a limited-term license, the license and codewords will expire in accordance with the time period set forth in Sonnet's quotation or your purchase order, unless the license is renewed.

If the Licensed Materials you have purchased contain encryption technology, you agree that encryption is not a guarantee of confidentiality and that Sonnet is not liable for any breach of confidentiality that may occur as a result of decryption by a third party.

Security Mechanisms: Sonnet and its affiliated companies take all legal steps to eliminate piracy of their software products. In this context, the Licensed Materials may include a security mechanism that can detect the installation or use of illegal copies of the Licensed Materials, and collect and transmit data about those illegal copies. Data collected will not include any customer data created with the Licensed Materials. By using the Licensed Materials, you consent to such detection and collection of data, as well as its transmission and use if an illegal copy is detected. Use of the Licensed Materials without an authorized evaluation key is to be considered as use for commercial purpose regardless of duration of use. **LICENSED MATERIALS LICENSED UNDER AN EVALUATION LICENSE MAY NOT BE FULLY FUNCTIONAL, AND CUSTOMER ASSUMES THE ENTIRE RISK AS TO THE RESULTS AND PERFORMANCE OF THE LICENSED MATERIALS.
